Activity Idea - Older Explorers Small World Play

Dig up some mud and collect
some grass, sticks, stones
and any other natural
materials you can find. Now,
get creative and build your
own dinosaur land.

Encourage your children's
role-play by creating
storylines and extending on
theirs.

Did you know...

Reading with a grandparent can
help children to develop key life
skills, including social and
communication abilities. It builds
their language development, their
sense of cultural awareness and
inspires curiosity and imagination.

Activity Idea - Tiny Tots Soft Play for Crawlers

Always
supervise your
baby.

Place soft items and
pillows in a line
around the room,
ensuring that the
area is safe for your
baby to crawl around.
Cover the soft items
with blankets and
towels and let your
baby explore!

Discovery time

Record family members reading
stories

In the story,
Sam's grandma
recorded stories
for him to listen
to. We thought
this was a fab
idea. You could
ask lots of family
members!
