Our play inspiration this week:  
My Family

Pearl finds out that having two dads is exactly the same as having a mum and dad, especially when it comes to rules, mealtimes and all the usual parent-y things. A lovely read with a straightforward message, perfect for families of all kinds.

## Activity Idea - Older Explorers Posting Game

Children go through a stage of posting toys through different holes or hiding them in places like handbags and shoes.

Turn this into a game by saving a few kitchen roll tubes, tape them to a wall and post some pom poms or small cars. Encourage older children to create their own!

## Did you know...

Children need to learn to share so they can make and keep friends, play cooperatively, take turns, negotiate and cope with disappointment. Sharing teaches children about compromise and fairness. They learn that if we give a little to others, we can get some of what we want too.
