Our play inspiration this week:
Mini Eco Warriors

I Can Save the Earth!

One little monster learns to reduce, reuse and recycle.

What could you reduce at home?

Leek and Potato Mash

See website for more details.

Mash potato = comfort food

Great for all the family.

Suitable from 6 months

start 4 life

Activity Idea - Older Explorers Washing Up Glove Puppet

Here's something to make with the children using a coffee cup and straw (before they get recycled) have fun making a washing up glove puppet!

Check out 'The Dad Lab' on YouTube for lots of activities you can make with items from around the home.

Activity Idea - Tiny Tots Make your own bubbles

Check out the Good Food website for their recipe on how to make the perfect bubble mixture to entertain your little one!

Discovery time

We wonder what you will discover this coming spring as you step out into the garden. What can you do to protect and encourage the wild life in your garden?

Think about Max the little monster from the story who discovered so much to do outside AND learned to look after the environment.

Did you know...

Breastmilk is a natural, renewable food that is environmentally safe and green because it is produced and delivered to the consumer without pollution, packaging or waste.
