Our play inspiration this week:
'What's around us?'

Peepo!

by Janet and Allan Ahlberg

What can you see around
you today?

Activity Idea - Tiny Tots Running Commentary

Simply get into the habit of describing what
you see around you. Use a conversational tone
and leave pauses for little one to respond.

This is great for
your little one's
speech and
language
development.
All it takes is
practice.

Did you know...

Babies under 12 months don't need
snacks. If you think your baby is
hungry in between meals, offer extra
milk feeds instead.

Activity Idea - Older Explorers The Memory Game

What did you see?
How many things can
you remember?

An easy to play game
with everyday
objects, a tray and a
cover or blindfold.
